14 July 2020

Good morning Parents and Students,

I hope everyone is feeling rested after the midterm break. We have some really busy weeks ahead of us with the grade 11 and 12 students' starting their prelim exams on the 27th July. An extra lessons timetable will go out this week and be published on the D6.

Please remember social distancing rules. This is a crucial time for all of us.

Cycle Test Timetable

The cycle test timetable has been published on the D6. Students were also issued with a copy. As you will notice we have a cycle test period scheduled on a Tuesday and a Thursday. The main reason for this is to prevent students from being overloaded with tests. There should be no other class tests scheduled. Demarcations are uploaded onto the D6 the week before for the cycle tests so students know exactly what to study. Please ensure that your child is studying for the correct cycle test.

Students Wellbeing

Mr Dodge who is an educational psychologist will be here this Friday to talk to students regarding their wellbeing during lockdown and the corona pandemic. This will assist students with anxiety and hopefully put some of their worries and fears to rest.

Prelim Exams

Prelims will start on the 27th July for all grade 11 and 12 students. Grade 11 students should have started preparing for the IGCSE exams that were supposed to have been written in May/June this year. The prelims for the grade 11's will consist only of IGCSE work. There is a lot of uncertainty around what will happen at the end of the year. We are taking the necessary precautions to ensure that we have sufficient marks for the student's in case the end of year exams do not take place.

Avaya Online Lessons

We will continue recording lessons for students that have comorbidities and students that are ill. Live online lessons have been discontinued. We understand your concerns but encourage you to send your child back to school. It is really important that they are able to socialize with their peers.

If your child is not going to be at school, please phone the office before 09:00.

Cycle Test Timetable

July 16

- Grade 8 – History
- Grade 9 – Accounting
- Grade 10 – ICT/Accounting
- Grade 11 –
- Grade 12 – English
